CHANGES TO PROJECT INFORMATION

In the space provided, or in an attachment to this form please inform the Commission of any changes in total project cost, equipment used, or solar/wind resources (i.e., more accurate shading/wind speed estimates or changes in tilt/azimuth or tower height), as well as any other changes to the information provided in the Step 1 incentive reservation application submitted prior to installation:

Total Requested Incentive (explain if amount has changed): _____

Note: Incentives will be issued only after application is judged complete and accurate and the Commission or its agent has confirmed that the system is operating consistent with the application.

DECLARATION

The Undersigned applicant declares under penalty of perjury that:

- 1) the applicant has purchased and has installed the renewable energy system described above;
- 2) the applicant will not sell or otherwise transfer the equipment unless as a part of a sale of the affected property for a period of 10 years;
- 3) the information provided in this application is true and correct to the best of his or her knowledge and belief;
- 4) the applicant understands that program funds are limited and, as a result, there may be a delay in issuing the incentive payment based on the queue position of the applicant; and
- 5) the applicant agrees that the system, interconnection, and documents supporting the application may be audited and inspected by the Commission and that the Commission may request energy production data from the applicant for a period of ten (10) years.
